Rygel No-Foam Foam Suppressant for Spray & Dip Tanks

Active Constituent: POLYDIMETHYLSILOXANE COMPOUND

Foam Suppressant for Spray & Dip Tanks

Pack Sizes: 1L

GENERAL INSTRUCTIONS

No-Foam is a special purpose foam suppressant for use in agricultural chemicals sprayers and also for use in dip tanks commonly used in the grading of pome and stone fruit. In situations where agricultural formulations and surfactants are under agitation during tank filling large amounts of foam can form. No-foam should be added to the tank before foam levels build to excess so that filling can continue.

MIXING INSTRUCTIONS

Shake container before use. No-Foam can be pre-diluted 1:5 in water or added directly to the spray tank.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

Do NOT contaminate streams, rivers and waterways with the chemical or used container.

STORAGE AND DISPOSAL

KEEP OUT OF REACH OF CHILDREN

Store in the closed, original container in a cool, well-ventilated area, as cool as possible.

Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set

DIRECTIONS FOR USE

Situation	Application Rate per 1000L	Critical Comments
Agricultural Spray tanks	20mL	Use rate will vary dependent upon amount of foam present. Where large quantities are forming better control may be achieved by pre-diluting No-Foam 1:5 in water before addition to tank. Add No-Foam before foam levels are high. Vary usage as required
High agitation conditions	1000mL	
Dip tanks for fruit	20mL	

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORIZED UNDER APPROPRIATE LEGISLATION.

up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

SAFETY DIRECTIONS

Do not swallow. Avoid contact with skin or eyes. Wear rubber gloves, cotton overalls and goggles or face shield. Wash hands with soap and water after use.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (Ph: Australia 13 11 26). If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

MATERIAL SAFETY DATA SHEET

Additional information is listed in the Material Safety Data Sheet, which is available from the supplier.
